

## Siskiyou Woodcraft Guild *Supplementary Resource List*

***Note: Some of this information may be outdated. If so, please contact the guild's secretary to update the list. If you have a resource that you believe the guild may be interested in then please contact the secretary so that resource can be added to this list.***

### **WOOD/MILLING/HARDWARE**

#### **Hardwood Industries**

541-779-7526

357 Ehrman Way, Medford, OR 97501

Hours 8:00-5:00 M-F. Jared White - Branch Manager.

Discount: Guild members get contractor/cabinet shop pricing compared to retail. We are happy to sell to Guild members.

<https://hardwoodind.com/>

*"...This place gets consistently good reviews from SWG members for price and service..."*

#### **Steve Plotnick**

541-890-7759

[splotnick51@yahoo.com](mailto:splotnick51@yahoo.com)

Sams Valley somewhere

*"...Talked to Steve at the 2022 show. He mills Black Oak slabs and Madrone boards, etc..."*

#### **Bruce Engdahl**

541-415-0022

Near Cave Junction, OR

*"...has a great saw (out beyond Cave Junction in the woods) and was done with my cutting in 45 minutes. Nice older guy also has a fair amount of soft wood cut, including Port Orford, sugar pine, cedar and some redwood, good prices. I highly recommend him, he knows his machine..."*

#### **Jay Parmenter**

Green Madrone Burl, Maple Burl, etc

541 659 4388

Grants Pass, OR

### **Oregon West Lumber Sales**

*Oregon West Lumber Sales specializes in sourcing raw materials from local renewable forest in the Medford area. Manufactures custom, specialty products from Douglas Fir, Sugar Pine, Ponderosa Pine, Incense Cedar and a few of the local specialty woods such as Maple, Yew, Redwood, Black Oak, Black Walnut, Madrone, and more. Manufactures wood products from the raw log all the way to finished, dry, surfaced or moulded products; can accommodate most of your custom needs.*

<http://www.oregonwestlumpersales.com/>

13770 Hwy 62, Eagle Point, OR

541-826-5540

### **JMAR**

*Juniper wood products for fence posts, flooring, furniture.*

<http://www.juniperwoodproducts.com/>

Toby Loetscher

541-281-8803

[sales@juniperwoodproducts.com](mailto:sales@juniperwoodproducts.com)

P.O. Box 1089 – 2350 Maywood Drive

Klamath Falls, OR 97601

### **Pine Creek Wood Co.**

*Cuts exotic and more local woods. He supplied Mark Rehmar with much of his material. Said he'd give %15 off to SWG members.*

<http://www.pinecreekwood.com>

Bob Schecter

### **Redwood Bench & Table Co.**

Bruce McAllister

<http://www.juniperguy.com>

541 462 3232

[brucemc@bendnet.com](mailto:brucemc@bendnet.com)

208 hwy. 26 Mitchell, OR 97750

**Builders Bargain Center**

<http://www.buildersbargaincenterinc.net>

541-830-8118

8215 15th Street, White City OR 97503

**Precision Door & Hardware, Inc.**

541-773-9557

1679 Sage Rd., Suite A Medford, Oregon 97501

(Recommended by Raven Woodworks)

**C & S Forrest Products**

541-830-4154

5877 Crater Lake, Central Point

"They sell lumber and plywood, their prices are better than Beavertooth and their quality is a tad better. He's good at fielding unusual requests. He seems to know every small mill in a wide area."

**L & L Custom Mill Work**

<http://www.lcustommillwork.com>

541-826-6460

6471 Crater Lake Hwy Central Point, OR 97502 (behind West Coast Appliance)

**Rogue Pacific Lumber Co.**

541-773-3617

1187 W. McAndrews in Medford

"One of their specialties is reclaimed lumber. In addition they are milling whole logs. When I was there they were in the process of milling some beautiful Yew wood. You can contact David Stuart the company president at 541-773-3617."

**Crosscut Hardwoods**

541-349-0538

2344 W 7th Place, Eugene OR 97402

"There are several different scenarios to the question of how we charge for shipping. We normally do not charge for delivery if the order total is in excess of \$300.00. It would be best if you were going to order to gang up the orders and have them delivered to one location. If this is not possible, depending on the size of the order and where it needed to be delivered would determine the delivery fee. The delivery fee usually starts off @ \$35.00. We normally deliver to the I-5 south area on Thursday. If we don't have enough material to fill the order or if I don't have the material I can transfer it from my Portland warehouse or from another branch. Depending on the timing it usually takes a week. We normally get our transfer truck on Wednesday...If there is any other information you or any of the guild members need please feel free to contact me any time. Our normal store hours are Monday thru Friday 7:30 to 5:00. I can be reached by e-mail ([mlangner@emersonhardwood.com](mailto:mlangner@emersonhardwood.com)) or by phone 541-349-0538. I will try to assist you to the best of my ability." - Mike Langner @ Crosscut Hardwoods / Emerson Hardwood Corp.

**Mark Azevedo**

Albany, OR

541-990-4574

"He is a good source of Oregon hardwood lumber. He has a mill and a kiln. In the past I've gotten Oregon white oak, Black walnut, and Pacific maple from him. He is very knowledgeable about native species and a very nice guy."

**Sustainable Northwest Wood**

503-239-9663

225-A SE Division Place, Portland, Oregon 97202

"...worth checking out if you're up there. They usually have a good supply of sustainably harvested Northwest woods, including Madrone, Mrytle, White Oak, juniper, fir, alder, Walnut, and maple."

### **Jim Yahne (Custom Milling)**

541-281-2956

Klamath Falls, OR

tlcwilderness@yahoo.com

"I finally got a contact for a portable (bandsaw) miller. He is out of Klamath Falls, so will come over when there's enough to make the trip worth-while. I don't know his pricing yet, but the proceeds go to a non-profit youth program."

### **WoodFirst Sustainable Enterprises (Custom Milling)**

(541) 892-0323

Southern OR, Northern CA, Bay Area

[woodfirstmilling@yahoo.com](mailto:woodfirstmilling@yahoo.com)

<http://woodfirst.com>

### **Dave Atwood (Custom Milling)**

(530) 469-3389

1001 Salmon River Rd, HC11 Box 752

Somes Bar, CA 95568

"He has a mill and does custom milling. He also keeps burls around for turners. I visited him several weeks ago. He has various woods in stock but is also happy to do some custom milling of various logs he has available. Give him a call..."

### **Bradford at Bear Creek Management & Tree Service (Custom Milling)**

(541) 450-2423

Williams, OR

"... has 2 kinds of milling options (one being a chain-saw mill that can slab up to ~50"). Based in Williams, he works through out southern OR and northern CA Give him a call..."

### **Jackson County Fuel Committee**

Ashland, OR

"... I spoke with an arborist/aspiring woodturner friend of mine, and he says his mentor gets most of his turning blanks from Jackson Country Fuel Committee. Apparently, you can just stop in and sign up to take some away, and they're pretty open about it. City of Ashland just dropped a big maple off there a few days ago, he said..."

### **Dave Peckham**

(541) 373-1897

[dukejw.peckham@gmail.com](mailto:dukejw.peckham@gmail.com)

Williams, OR

"We have a saw mill in Williams with a healthy sustainable forest. We will start taking orders for your needs. Ponderosa pine, Douglas fir, Red cedar, Black oak. We also have cedar posts."

### **[www.smartboxmaker.com](http://www.smartboxmaker.com)**

"... an English supplier of great hinges and locks for Boxes. They are pricey but of the best quality and I believe they are creating another web site [box-making.com](http://box-making.com)..."

### **Pleasant Creek Lumber and Wood Products**

Sean Ferguson

[SEFERG@msn.com](mailto:SEFERG@msn.com)

Wimer, OR

"My mill is stationary at this time, at my yard in Wimer. I do some custom milling for others, but mostly mill my own logs to produce lumber that is for sale. When I mill for others, I charge a \$60 minimum, which covers the first hour, and then \$60 per hour thereafter. I have many different species of lumber on hand, both rough and surfaced, and in various stages of dryness. We are working on a website right now so we can easily list everything, with pricing. I currently have some cvg Doug Fir, in 3/4" and 8/4", dry. 4/4" Madrone, dry. Random rustic/ spalted Alder, dry. Prices vary from \$3 to \$5 per bd. Ft. I'm just trying to get organized and get the website up right now."

### **Bear & Badger Company**

Alex McGlasson

(503) 438-8035

[bearandbadgercompany@gmail.com](mailto:bearandbadgercompany@gmail.com)

<https://www.facebook.com/BearandBadgerCompany/>

Ashland, OR

"My friend Alex McGlasson of Bear & Badger Company has a portable circular sawmill just outside of Ashland. His rates are very reasonable, and he has access to some standing timber that could be cut and milled cheaply. I think he can do up to around 24" slabs, may be larger..."

### **Oregon Lumber Works**

Aaron Reid

503-956-6091

<https://www.oregonlumberworks.com/>

Portland area, OR

"...has Bandsaw mill, Alaskan mill, and Lucas mill..."

### **Bamboo Craftsman Co.**

<https://www.liveedgeblackwalnut.com>

2104 N Willis Blvd., Portland OR 97217

503-285-5339

Portland area, OR

## **UPHOLSTERY / CANING**

### **The Caning Shop**

<http://www.caning.com>

926 Gilman St. at 8th Street

Berkeley, CA 94710

510-527-5010

### **Cole Brumley**

511 Park Ave. in Medford OR

541-770-6597

"He works out of his home. I have used him to do a stool and a couple of Chippendale chair seats. His work is good and prices are fair."

### **Russ Hannan**

Caning repair and services

541-601-6550

"This fellow is a shipwright who does caning repair, etc. locally. Met him at the show."

### **Oregon Leather Co.**

<http://www.oregonleatherco.com/>

541-343-2563

810 Conger Street

Eugene OR 97402

Also located in Portland. "I bought cow hide from them for a bridge table I made. Good selection and they do sell remnants so you don't have to buy a whole hide."

### **MacPherson Leather Co.**

<http://www.macphersonleather.com/>

519 12th Ave S. Seattle, WA 98144

"...has nice thin goat and pig skin suedes suitable for lining boxes as well as heavier stuff for other purposes...."

### **[www.tandyleather.com](http://www.tandyleather.com)**

"Tandyleather.com is a good source for leather. They have deer skin, cow hide, and suede pig skin."

## **PHOTOGRAPHY**

### **Dennis Knauert - SWG Member**

"...Don't forget Dennis Knauert. He said he will shoot for SWG for free. He charges \$50 an hour for non-members. I met with him today and he said you could put his contact info in the Resource Directory..."

### **Jim Chamberlain Photography**

<http://www.photo.org/>

"I met him at one of the shows and he has done some photos for some members of the guild. He is in Ashland."

## **FINISHING AND REPAIR**

### **Natural Earth Paint**

<https://naturalearthpaint.com/natural-varnish/>

[info@naturalearthpainty.com](mailto:info@naturalearthpainty.com)

541-890-6533

330 E. Hersey St. #7 (right across from Bellwood)

"My name is Leah Fanning and I'm the owner of a local Ashland business, Natural Earth Paint. We've been in business for about 10 years manufacturing 100% non-toxic and natural art supplies for artists and children. I saw your beautiful work at the Thanksgiving Show, and wanted to ask if you would be interested in trying out a new varnish we have been formulating during the last two years. This product is a spirit varnish containing 190 proof grain alcohol, shellac, and other resins, oils, and a natural preservative to extend shelf life. Due to being made from food grade ingredients it is a 100% natural and non-toxic spirit varnish. Our Natural Varnish was researched, formulated, and tested by Stephen Bacon. With the additional help of a chemist in Eugene we were able to bring it into production.

We're super excited because it is proving to be a fabulous product! It dries quickly to form a

crystal clear, durable, and archival professional finish. It is both musical instrument grade and fine furniture grade. Due to its high alcohol content it penetrates deeply on the first coat yet is considered a film finish. The varnish can be applied over a dried natural oil finish. It can be sprayed, applied by brush or rag, and works very well in a French polish method with a pad. Due to its natural gloss luster, it can be brought to matte with fine abrasives. For furniture and cabinet work a coat of paste wax greatly enhances its properties as well as its appearance.

I personally am a painter and not familiar with the woodworking world, therefore Stephen Bacon has agreed to field product questions. To contact him, text: (541) 531-5974.

If you find it this product helpful we would greatly appreciate if you could take a minute to give us a brief testimonial! If you also have any suggestions on any resources that woodworkers use for supplies we would love to know so that we can help make this wonderful product available to those who are looking for a new option in varnish work. P.S. Stephen wants me to make sure to as well to recommend our Eco-Solve Brush cleaner; He says it's the best in the valley for all forms of conventional oil varnish. The solvent for this product is Everclear."

### **Nick Sinderson**

541-821-6966

"Nick Sinderson has been finishing and/or painting my cabinet work for over ten years. He does a beautiful and thorough job. He now has his own shop in Ashland and can do just about any kind of finish on any kind of woodwork."

### **Black Oak Furniture Restoration**

<http://furniturerefiningmedford.com/>

541-779-1103

Check out their website for all the services they offer. They also perform repair.

### **David Stan (SWG member)\*\***

530-905-8553

[dstan8446@yahoo.com](mailto:dstan8446@yahoo.com)

"I do furniture repair at a reasonable rate. I am not fond of refinishing however. I have numerous references and pictures of furniture I have repaired."

### **Andrew Jones (SWG member)\*\***

Kind Tree Creations

760-402-6049

[liteheartyyoga@gmail.com](mailto:liteheartyyoga@gmail.com)

"Yes put my name in for minor repair, re-sanding finishing staining."

### **Al Miguelucci (former SWG member)\*\***

541-897-4130

"...I used to be a member of the guild not long after it started. Anyway, I got your email from Dave Maize who thought I might be interested, which I am.... I have done lots of repair work over the years. Talk to Tom Phillips if you need a reference for me."

\*\*Note that there are other SWG members who may perform repair work on occasion as well. We may send out requests for repair work out to the entire guild. However, the members listed above have shown explicit interest in performing repair and/or refinishing work.

## **SHARPENING**

### **Boggs Tool and File Sharpening Co.**

562-634-1081

[www.boggstool.com](http://www.boggstool.com)

14100 Orange Ave , Paramount , CA 90723

"...sharpens rasps and files. Prices vary with the tool but will likely be between \$6 and \$12 each... I was always skeptical about sharpening rasps and files. I knew you could get more use out of them by soaking them in acid, and I have done that. It can take almost 24 hours in vinegar but the tool is a bit better. However after reviewing comments about this company I decided to try them on some Auriou hand cut rasps and a couple of Nicholson pattern makers rasps. The results were outstanding.

The company recommends that the tools be individually paper wrapped and packaged so they don't bump each other in transit. (I suggest you include a list of the tools you send them also.) They will return them with an invoice of what you owe. Not many companies operate that way.

Needless to say you do not want to send tools that are Harbor Freight quality. But if you have some US or European files and rasps that are pricey give them a try. I believe you will be very please with the results."

## **MISC RESOURCES AND TIPS**

### **Cyanoacrylate "filler" at Medford Tools and Supply**

541-772-0144

2160 N Pacific Hwy,  
Medford, OR 97501

"...There is a cyanoacrylate "filler" available. They create a very hard surface. They consist of two parts, a "sand" and cyanoacrylate glue. Johnny Weld "sand" is available at Medford Tools. Any water thin cyanoacrylate glue works with it. It makes a very hard fill. It can be colored. It also makes cyanoacrylate glue into a gap filler. Johnny Weld sand is stocked at Medford Tool..."

"...Note that cyanoacrylate filler can also be used with baking soda and a few other very fine substances. The internet has more info on those possibilities. Just don't blow yourself up!..."

### **BoltDepot.com**

"...Good place to purchase large or very small quantities of any type of fastener - no order size restrictions and fast delivery..."

### **WoodEzine Magazine**

<https://www.woodezine.com/>

John English, Editor

[editors@woodezine.com](mailto:editors@woodezine.com)

WoodEzine

606 6th Avenue

Belle Fourche SD 57717

"As always, WoodEzine is completely free with no sign-in, passwords or pop-up ads. I will never share your email address. If you wish to unsubscribe, just let me know."
