

## ***Insight Into Woodworking Classes Registration 2024***

The *Insight* program provides an introductory level of information for beginning and intermediate woodworkers. Instructors lecture and demonstrate basic woodworking tools and techniques. ***These classes will NOT provide hands-on experience.*** The *Insight Into Woodworking* series of classes are offered for \$150 per person. A 'hardship', 2nd person in the same family or a youth discount can be requested and would be determined by our coordinator.

Classes are scheduled to begin in early April and run through May. Each 2-1/2 hour session is conducted at various instructors' shops located around the Rogue Valley. The classes are held on Tuesday evenings from 6:30-9:00pm and also (usually) on Saturday mornings from 10:00am -12:30. The final schedule for each year is usually posted on our website by mid-March. Detailed class schedule and locations will be sent to registered students before the first class.

The classes offer you the opportunity to interact with professional woodworkers, see their shops, setups, works-in-progress, and learn the tricks of the trade. The *Insight* program is also a great way to meet fellow local woodworkers for association and guidance.

**Insight Into Woodworking:** *(Class offerings may change depending on instructor availability.) To enroll in individual classes write the number(s) by the asterisk below.*

1. ***Setting up Shop:*** This session will cover basic shop setup. It will also provide you an opportunity to meet the instructors, review class schedules and voice your needs.
2. ***Material preparation and furniture considerations:*** This session provides milling fundamentals and the use of the jointer and planer. Understanding and choosing wood.
3. ***Wooden Jewelry:*** Making optical illusions with wood.
4. ***Hand tools and Sharpening:*** Provides an overview of common hand tools: planes, scrapers, and spokeshaves. Provides you with a better understanding of methods to sharpen plane irons and chisels
5. ***Bandsaw:*** Demonstration of how to resaw wood and cut curves safely.
6. ***Routers and shapers:*** Provides an overview and use of routers and shapers.
7. ***Carving Concepts:*** Provides an overview of carving tools and techniques.
8. ***Shop Safety, Table Saw usage and Tune-up:*** How to keep all your fingers, How to get the most out of your table saw.
9. ***Turning techniques:*** Getting the most out of your lathe.
10. ***Finishing techniques:*** An overview of finishes and finishing techniques.

If you are interested in attending the *Insight Into Woodworking* classes, please return the enclosed application as well as **email David Stan by March 20th to insure enrollment.** Class size is limited to 18 people, so please secure your spot and send either the class fee of \$150 or a deposit of \$50 to:

Siskiyou Woodcraft Guild  
c/o David Stan  
304 Willow Springs Dr.  
Talent, OR 97540.
